

Sergio Alexo is a Winnipeg-based DJ originally from Ukraine, known for high-energy, feel-good sets centered around **groovy house**, while blending elements of pop and hard dance.

A self-taught artist, he developed his sound from the ground up and refined it through live performance, building a strong ability to read and control the crowd.

He currently holds a residency at SHO Coffee Bar, where he was first given an opportunity by owner Greg, and has since become a consistent presence in the local scene.

Sergio made his club debut at Dreams through DJ and event organizer Timur (Lost Dancing), expanding into private events, weddings, and cultural parties.

Now performing multiple times per week, he continues to evolve his style, incorporating hip-hop and R&B into his sets while staying rooted in his house sound.

His focus is simple: deliver energy, keep people moving, and create unforgettable dance floor moments.
